Issue 12: 14th June 2017

Spotlight on learning

Wow! So much fantastic learning taking place in school at the moment. Year 3 and 4 are busy learning all about the rainforest through their unit, 'saving the World'. I have seen some very creative home learning projects - well done Y3 and 4! The art exhibition is starting to take shape - the staff and children have worked really hard and I know that once again the exhibition will inspire and take you on a wonderful journey of learning. We do hope you can make it to the exhibition! Next week we are having some visitors from London to come and see the work we do in IPC. They will be spending 4 days in our school. A questionnaire for parents is attached to this newsletter - please could you fill it in and send back to school. Ask your children to help you fill it in if you are unsure. Look out for the important dates on the newsletter about next academic year.

Art Exhibition

Our school art exhibition will be taking place on Monday 19th June 3.30 pm - 6.30pm and on Tuesday 20th June 3.30pm - 6pm. Our children are very excited and proud to show you their masterpieces! A selection of artwork will be displayed for you to view, so please come along to enjoy.

During the Art Exhibition we will be collecting loose change for our chosen charities 'One Love Manchester' and 'Save the Children'

Inhalers

If your child uses an inhaler please ensure that they have one in school at all times. If you are replacing your child's inhaler or if your child is bringing one in for the first time then please bring the inhaler to the school office so that we can label it up with the child's name and we can register it on the system.

Each week we celebrate the class with the highest attendance. Here is the overall attendance for the week

The Christian Value we are focusing on this half term is reverence.

The children are encouraged to go on a path of self-discovery. Children learn how to take responsibility for their own learning and personal development, as well as how to treat and respect other humans, animals and property.

Every two weeks school will focus on a particular Personal Learning Goal and children will be rewarded for displaying outstanding skills with a particular goal.

For the next two weeks children will be learning about “Co-operation”:

‘To understand that different people have different roles to play in groups and to adopt a different role depending on the activity and the needs of the group. Be able to work alongside and in co-operation with others.’

Congratulations to all the children who showed “Respect” in school over the last two weeks. These children were:
