

Dear Parents,

On Wednesday 28<sup>th</sup> April 2021 it is National Superhero Day and on Friday 30<sup>th</sup> April it is also England does the Daily Mile where they are trying to get over 1 million of us moving at the same time.

Therefore, **on Friday 30<sup>th</sup> April, we would like all the children to dress up as superheroes** to honour all the true superheroes, the key workers in our community, who have been amazing over the last year, showing such courage and community spirit.

During the day, the children will also take part in lots of fun and engaging activities learning about the importance of health and wellbeing and exercise. Each year group will work as a team to complete a 5km run or walk and take part in a KS1/KS2 competition to design their very own St Simon and Jude Superhero.

As part of this day, we would also kindly ask if you could donate some money towards the **Sports Connections Foundation** who use sport to help and inspire children and young people who are disadvantaged, vulnerable or living with life limiting illnesses. If the children could bring in a donation to school to hand in to their class teacher to support this cause, it would be much appreciated.

As always thank for your continued support and I am sure the children will thoroughly enjoy the day.

Thank you,

Mr Winteringham

Year 3 and 4 and PE lead
